THE LION

1968

Red Lion High School
Red Lion, Pennsylvania

The desire for education and the search for knowledge are usually not the foremost concerns of the student when he enters high school. But, with the assistance and gentle prodding of parents and teachers he gradually accepts the fact that an education is a necessity. As the class of 1968 has matured, it has also grown more selective as to the type of knowledge which should be retained and in what manners this knowledge should be used. As we look forward to the time when we can turn our knowledge into wisdom, we prepare to use TODAY'S KNOWLEDGE for TOMORROW'S FUTURE.

School Processes Originate

Preparing school board agendas and writing information for the teachers keeps Mr. Gibb's Secretary, Mrs. Arlene Gilbert, busy.

Apart from his duties as Supervising Principal of the Red Lion Area School System, Mr. Gibb enjoys deer hunting, both rifle and bow and arrow, and golfing with his Sunday School League. During the summer, he prepared for the present school term. A trip to Pittsburg, also occupied some of his time this summer.

Sometime during the past year you may have noticed one or all of those cheerful instructors who reside at the top of the B-wing. They are Red Lion's "Crusaders For Technology" busily instructing their students in the increasingly important subjects of science. Science courses at Red Lion have something to offer to each student regardless of his or her abilities. These courses range from general science to advanced chemistry, a course being offered for the first time this year. Other sciences offered include life science, biology, advanced biology, chemistry, and physics. Science students have at their disposal many fine laboratories, and a large supply of excellent research materials and equipment. Each student who thinks seriously of broadening his knowledge in the field of science can prepare himself for this extensively competitive industrial and scientific world by active participation.

Its object is to make our community, our state, our country and the world a better place in the future. The knowledge gained by the commercial students today will equip the business world of tomorrow with efficient, skillful workers. Generally the Commercial Department prepares the student to go directly from high school to a position in business. Among the commercial courses offered are typing, bookkeeping, shorthand, business English, transcription, and office practice. Providing the practical knowledge that the students will need in their future positions, these courses are ideal for today's world.

While the fine arts give the student a chance to express himself, driver education provides the opportunity for the student to increase his amount of freedom in our society. In the fine arts classes, the student is encouraged to formulate his own ideas, designs, and arrangements. Perhaps this stimulation of the student's artistic ability will give him the urge to make a career of his particular art. Driver education produces safe, well-educated drivers for our highways. By utilizing the privilege to drive an automobile, the student finds that he is now more independent of other people than ever before. The growth seen in both of these areas each year proves that a knowledge of them is becoming increasingly important to our society.

In the required "gym" class, everyone participates in rigorous exercises. Our capable school nurse can be found in the health office ready for any sickness. Through this office several safeguards for the student's health are taken. Our administrators know that the health and physical education departments are very important, because a healthy body is the first step to a healthy mind.

The guidance department helps students to gain the necessary knowledge to prepare for tomorrow's future. Choosing the proper courses of study is a very important task in each student's life. A yearly personal conference with one of the guidance counselors eases this task. Information about colleges, trade schools, and occupations can also be obtained from the guidance department. Sound guidance fosters a secure future.

Books are used as tools of knowledge to broaden and to enrich the student's life. Our school library contains a variety of books ranging from scientific data to romantic stories. Language Unites

No one subject taught today is more important than English. Without this study of our native language, communication would be next to impossible, and the possibility of our having such a highly developed, intellectual society would be quite improbable. We should, therefore, take this language study seriously, ranking it with the sciences and arts of which we think so highly.

Through the study of world literature, American literature and English literature, students gain a deeper understanding of world culture and an insight into some of the world's greatest minds. Grammar study makes it possible for the student of the language to apply this knowledge to everyday communication. In our minds a better understanding of the English language produces a better student and a more capable citizen.

Literature comes to life through dramatic presentations by students.

Our World

"C'est le livre", says Miss Mary Kulzer.

Knowledge of a foreign language is essential in this day when, thanks to scientific and industrial development, the world seems to have shrunk in size. In all our daily relations with peoples from other countries, it would be a great hindrance to have language as a barrier. Students at Red Lion are offered three languages, French, German, and Latin, in four-year programs. These programs are designed to instruct the students in the oral and written fundamentals of the language. In doing so, the students become acquainted with the "living" country. They also become more aware of the culture and customs of the people, and the land in which these people live comes geographically alive.

CLEVINGER, HELEN, B.A., M.A. . . . Latin II, English II, III; Junior Classical League. Miss Clevinger visited Expo '67 and spent a week in Buffalo, N.Y. this summer.

Cafeteria and

What else but delicious cafeteria lunches could have caused such broad grins on these usually somber senior boys?

The cooks in our cafeteria, under the heading of Mrs. Smith, always prepare nourishing lunches for the students at Red Lion. Their menus vary, and they usually provide special meals for holidays. The cafeteria cooks serve three meals a day for the three different lunch shifts. They work hard preparing good food which may be purchased by the students for forty cents.

Dawn Emenhiser and Joyce Feeser wait in the lunch line for a lunch to satisfy their hunger.

The cooks, busy at work in the kitchen, are G. Smith, G. Ness, E. Smith, V. Schmuck, I. Stabley, and A. Smith.

The Finishing

JoAnn Deitz, Holly Goldman, and Jean Kopp enact a scene in the women's faculty room during their entertaining Class Day.

The Class of 1967 amused the entire student body by their fine performance on Class Day. Taking the audience through a typical day in the life of a senior at Red Lion Area High School, the class of 1967 performed various skits. Visits to the women's faculty room, Mr. Stover's math class, and Mr. Shaffer's physics class, entertained the students with several impersonations of the teachers at Red Lion High School. A special tribute to the 1966 football team honored their 10-0 record. The singing of the alma mater concluded the Class Day program.

Tropical

Enjoying the evenings festivities are David Neff and date.

Carol Tschop and Dennis Hill pause a few moments to admire the prom decorations.

Couples enjoyed dancing to the enchanting music of the Bill Collins' orchestra.

Paradise

Every year the Junior and Senior Classes sponsor a lovely Prom. The decorations are done with tedious care by the Art Club, and the decor disguises the gym as a paradise. Last year's prom was "Tropical Paradise". A large tiki god and a beautiful fountain with running water set off the theme of the Prom.

Bill Collins and his orchestra provided the music. Mrs. Yoder and her assistants offered a tasty snack during the hours of the Prom. After the dancing of the Prom was over, the All Night Party provided entertainment. Those who stayed for the party had their choice of activity, after viewing a splendid movie, "The Trojan Horse". After the activity was over, breakfast was offered to a tired and hungry group of teens.

Franklin Grove and Guest Ann Miller enter into the "Tropical Paradise."

Greeting the arriving guests are school administrators and parents of class officers.

Louise Smith and Sam Workinger are crowned queen and king by Tom Harbaugh and Kathy Harlacker at the freshman-sponsored Valentine's Dance.

Two members of the Queen's Court, Sherry Ruth and Richard Euerle dance to the music of the "Vibrants."

This year the Girls Athletic Association sponsored the football dance. They named it, "D.A.L.F.G.S." In case you're wondering what the initials stand for—"Dance after the last football game of the season."

Dances Highlight The School Year

Every year the Varsity Club sponsors a dance. With music by a group from Harrisburg, the dance was entitled, "V. C." Ambush. The decorations mysteriously portrayed a jungle scene.

The Christmas season at Red Lion High is highlighted by the annual Christmas Dance.

"Twila and the Twilights" perform at "Santa's Workshop" sponsored by the Sophomore class.

The Girls' Athletic Association provides wholesome recreation for all sports-minded girls of high school age. By earning points for faithful participation, girls may enter the Leaders Club of the association. These girls elect officers of the club, propose sports activities, and sponsor an annual dance in honor of the Red Lion football team. As a whole, the Girls' Athletic Association provides help for various community projects such as the March of Dimes.

The Completion Of

One of the busiest groups in the entire school is the **LION** Staff. The staff of the **LION** is divided into five divisions: editorial, make-up, business, photography, and typing. All of the captions, paragraphs, and headings are written by those on the editorial staff. Planning the layout and cropping pictures are the tasks of the make-up staff. The business staff supervises all financial matters. All pictures for the yearbook are taken by members of the photography staff. The typing staff types all copy, just as the name suggests. With the cooperation of the entire yearbook staff, the yearbook is carefully fitted together.

Rushing to meet deadlines, members of the **LION** staff can be found in the Activity Office during study halls, activity periods, and after school. Constructing the yearbook includes many long, frustrating hours, but the final product is well worth the effort.

Julie Kline struggles with **LION** copy.

Members of the editorial staff are Jane Smeltzer, Julie Kline, Debbie Manifold, Virginia Myers, and Melanie Grove.
